

Community Garden News

Our next workday will be August 19th. Workdays begin at 9am and wrap up in 1-2 hours; come when you can and stay as long as you can. Water, snacks and tools are provided. Workers should bring their own work gloves and mosquito protection.

Our garden is producing lots of squash, cucumbers and peppers! The potatoes are looking great and the green beans are on their way. (We're keeping our fingers crossed on the tomatoes; not sure about those.) Big thanks to all the folks who have helped throughout the spring and summer. New helpers are very welcome to join us! The main chores are watering and harvesting and light weeding. Sign up for either a week (Sun-Sat) or sign up for a specific day for the whole month (ex: every Tuesday in August). It is OK for more than one person to sign-up for a slot.

Questions? There is a FAQ sheet posted in the pavilion, or ask Elaine Daly or Jenn Martek
