VBS 2010 PLANS

Mark your calendars for VBS 2010! This year we will be blasting off into space with our *GALACTIC BLAST* theme. Children will learn what our wonderful God is like as they attend space academy and journey through the galaxy. Cadets will graduate from our academy sure in the knowledge that God is the loving and gracious Creator of each of them and the amazing universe in which we dwell.

On our mission, you will also meet a GREEN gorilla named Galileo. Each day, children will learn how to be good stewards of the earth with Galileo's tips!

Registration is now!

We'll have a special blast-off table on Sunday, May 9, to showcase VBS. You can register at the table. The registration form is also available in this

Youth Celebrate!

The youth group had a wonderful night in April celebrating with Ally Moyer, who has completed her chemo treatments and is now in remission. **Yay Ally!!!!**

Imagine the youth room filled with balloons, streamers, posters, and delicious food, not to mention a bunch of friends hiding behind the furniture. It was a surprise party, and Ally was surprised! We all had a great time being happy, and many thanks to Mrs. Brown and Mrs. Alburger for helping us with the plans!
